

The St. Vincent Pet Ministry gives emotional, mental and physical support and comfort to St. Vincent patients of all ages and conditions. St. Vincent associates and donors gave generously to support the program, which is sustained by contributions.

The St. Vincent Foundation was awarded a grant from the Richard M. Fairbanks Foundation for funding of a new colposcope for the St. Vincent Joshua Max Simon Primary Care Center. More than 90 percent of the patients of the Primary Care Center have little or no health insurance. No patient is turned away for their inability to pay for healthcare services.

In its inaugural year, the Weekend to End Breast Cancer raised more than \$1.3 million to support clinical research, technology, programs and services for breast cancer patients and their families. The event is held in Indianapolis and benefits the St. Vincent Foundation. Registration has already begun for the September 2010 event. Visit [www.endcancer.org](http://www.endcancer.org) for details.

To our donors,

What a year we have had at the St. Vincent Foundation! You have responded generously to support our mission to serve the sick and the poor. Because of your dedication and that of our volunteers and associates, our accomplishments surpassed expectations!

We opened a new ICU waiting room; have begun the renovation of St. Vincent Hospice; hosted the inaugural year for the Weekend to End Breast Cancer; provided hundreds of other programs including scholarships for nurses; provided new equipment and technology for St. Vincent programs and services; and funded the Pet Ministry program, which takes trained dogs to give emotional, mental and physical support and comfort to St. Vincent patients of all ages and conditions.

St. Vincent Hospital increasingly looks to the Foundation to provide new programs, services, technology and equipment—all to ensure that St. Vincent remains the best hospital for you and your family. Thank you for your generosity. We couldn't do it without your support!

Sincerely and gratefully,

Sue Anne Gilroy  
Executive Director

Thanks to the support of St. Vincent donors and associates, the new St. Vincent Indianapolis Hospital ICU waiting room was opened in April. The comfortable and spacious waiting room features a kitchen, computer area, children's play area, private family space and consultation rooms.
