THE SPIRIT OF CARING®

Congratulations on the birth of your baby! ★

The birth of a baby is an amazing, wondrous event. At St.Vincent Women’s Hospital we are proud to have been a part of your precious memories and honored to have celebrated the joy of new life with you.

You can extend the celebration of your baby’s arrival in this world by purchasing a tile on the Small Wonders Wall, located in the lobby of St.Vincent Women’s Hospital. A personalized tile will feature a beautiful etching of your baby’s name and birth date, along with blue or pink footprints. Your participation in the Small Wonders Wall gives your child a place of honor and serves as a reminder of the blessing new life is to all of us.

Your gift helps future babies

With a tax-deductible donation of \$250 or more, parents, grandparents, family and special friends have the opportunity to commemorate and celebrate the birth of a special baby on our Small Wonders Wall. Your contribution not only shows appreciation to the nurses, physicians and staff at St.Vincent Women’s Hospital, but also benefits the tiniest babies cared for in the St.Vincent Neonatal Intensive Care Unit by providing equipment, technology and support programs for families.

You may wish to honor big brothers and sisters, too. Additional tiles may be purchased to recognize the birth of older children. It’s a wonderful way to pay lasting tribute to the children in your life!

Remembering a Precious Life

The Small Wonders Wall also pays tribute to the miracle of life and the mystery of death. As an expression of our sympathy, the St.Vincent Foundation invites parents to place a memorial tile in the name of their beloved child on the Small Wonders Wall.

The inclusion of commemorative and memorial tiles on the same wall serves as a reminder of life’s beauty and its frailty. Each memorial tile is adorned with angel wings, and may include the child’s name and date of birth. We can also arrange a special ceremony with family, friends, and your pastor at the time you place the tile on the wall.
