

St. Vincent Foundation

2017-2018 ANNUAL REPORT

Emma Says, Thank You!

Dear Donor,

You have given hope to St. Vincent patients and families at the hardest times in their lives.

Through my years with the St. Vincent Foundation, I've seen the meaningful impact contributions like yours have had on our patients and families.

YOU comforted a terminally ill four-year-old. When Jake couldn't understand what was happening to him, playing drums in Music Therapy helped channel his fears and anger. **Because of you, his family could calm him for a peaceful and loving goodbye.** That was hard. Gut wrenching. But it

would have been harder if you hadn't made that program possible.

YOU helped baby Emma (above) and her family. They stayed at the St. Vincent House surrounded with comfort and support during her treatment. Born very early, Emma was in our NICU for 172 days.

Her family lived over 150 miles away, but thanks to you they didn't have to take on the stress and financial burden of a hotel.

And, **YOU provided care to patients at the end of their lives.** Donors to St. Vincent Hospice funded comfort programs so that JK could pass peacefully in his home. **His last wish was granted thanks to you.**

Thank you for your gifts, and thank you for the important role you've played in the St. Vincent story. Your continued involvement brings hope and ensures that programs and services that depend on philanthropy will continue.

Nancy

Nancy A. Frick, MDiv, CFRE
Vice President Development

Please read on, I'd love to share more of your great work.

Themed Rooms Bring Joy to Young Patients!

Your creative touch gives children a special place to heal.

Your support helps create special themed rooms that take away some of the stress and anxiety of being in the hospital. It helps patients like Olivia Sprout (right) who was diagnosed with leukemia. She is now cancer free, and joined Olivia Manning (center) and Mosley Manning (left) in the ribbon cutting for the new nautical themed patient room at Peyton Manning Children's Hospital at St. Vincent. This new room was dedicated to Olivia Manning and made possible by the Delta Gamma Indianapolis Alumnae Chapter, and was one of several new themed rooms this past year.

There are more rooms that need your creative touch! Together, we can give every child at Peyton Manning Children's Hospital at St. Vincent a special place to heal!

Together, we can give every child at Peyton Manning Children's Hospital at St. Vincent a special place to heal!

How YOU and Noelle's 160 Babies are Making Medicine Better!

Noelle is in labor for the 160th time this year.

Something is terribly wrong. The umbilical cord is wrapped around the baby's neck and her doctors only have minutes to save her. It's Dr. Smith's first delivery outside of medical school. She's never done this before. What should she do? What's the right move?

Thanks to you, Noelle, a simulator (robot), is used to train healthcare professionals. **You are taking the guess work out for physicians and care teams when they experience a new or difficult situation.** This is

just one example of what you've made possible by supporting the St. Vincent William K. Nasser, MD Healthcare Education and Simulation Center. **Your dollars mean more real babies are saved.**

Your donations opened the doors at the **Nasser Center** shortly after the blessing and dedication on June 20, 2018.

Thank you for joining the Nasser Family and St. Vincent.

Because of your spirit of giving, the world is a better place.

“This Center is going to elevate the level of medicine and make the community a better place. I can't think of a better cause,” said Wanda Nasser, widow of Dr. William K. Nasser, whose name is memorialized on the new Center.

You provide hope for kids like Averie. She's a happy teenager now!

"There were wires and tubes everywhere," said Averie's mother, Chenoa.

Averie was a high-risk delivery, born with Hygroma (water-balloons of lymph tissue around her neck). She spent the first 3 months of her life in the Newborn Intensive Care Unit (NICU) at Peyton Manning Children's Hospital at St. Vincent.

Averie is 13 now, happy and healthy! She gets to enjoy Tae Kwon Do, dance team and Winter Guard.

She and hundreds of other children have been given the gift of hope by kind donors. You make the NICU at Peyton Manning Children's Hospital a life-changing care facility.

"Having this amazing team from the beginning is what made the difference," said Chenoa.

Dear donors, thank you for being a part of that team!

"I've been through a lot," said Averie. "I'm just really happy to be in this world!"

"I've been through a lot," said Averie. "I'm just really happy to be in this world!"

Your Support by the Numbers

4,196

The number of families you've given a place to stay at the St. Vincent House.

427

Loved ones honored in 2017 through St. Vincent Hospice Tree of Life!

200+

The Number of students who worked with hospital teacher, Heather Wiselogle to keep up in school while healing at St. Vincent.

6000

Number of patients who visit the St. Vincent Stress Center per month. **You give hope to those suffering from mental illness and addiction!**

23

Number of beds now available in the Pediatric Intensive Care Unit (PICU). **You expanded the PICU. Because of you, fewer patients will be turned away.**

568

Number of free mammograms provided last year through the St. Vincent Mobile Screening Van.

\$400K

funds available for internal St. Vincent grants. **You give St. Vincent Associates & Physicians access to dollars that change and save lives!**

2017 Donor List

LIFETIME ACHIEVEMENT

The St. Vincent Foundation recognizes individuals who have contributed \$250,000 or more cumulatively. Thank you to the following donors for your significant contributions.
