

Women and Children’s Tower Brick & Paver Contribution Form

You can leave a lasting legacy and support the Women & Children's Tower at Ascension St. Vincent with a \$1,000 or \$2,500 gift or pledge that will benefit future moms, babies and families from around the state. This new tower will be the only facility in Indiana to provide a continuum of world-class care for both children and adults under one roof. It will feature Level IV maternal and infant care capabilities, which signifies that Ascension St. Vincent is able to provide care for the most complex conditions for both moms and babies. Additionally, Indiana’s largest neonatal intensive care unit (NICU) will include 109 private suites to give families privacy during some of the most challenging times of their lives.

Bricks and pavers are available and will be displayed in the Courtyard of the Women & Children's Tower.

Yes! I/We would like to leave a lasting legacy with a brick/paver in the courtyard of the Women and Children’s Tower:

\$1,000 gift/pledge for a 4 x 12 engraved brick
